THE ACTIVE POWERS  
OF INVENTIVE GENIUS

We make maps of City and Farm property, showing the location of buildings, fences, drains, etc., giving a full description, this not only aids the farmer in laying out his work, but is also invaluable to the owner or real-estate dealer in disposing of the property.

We secure Patents, Trade-marks and Copyrights, our long experience and knowledge of Mechanical Movements, enables us to give you expert advice in perfecting your invention. We are also equipped to build a model of your device so that you can demonstrate it to prospective purchasers, give you estimates on the cost of manufacture, and assist you in every way to make your invention a success.

Our drafting room is one of the best equipped in the state and we are prepared to give you prompt and efficient service; therefore, when you have a factory to build, a machine to be designed, a model to construct, property to lay out, or wish any information regarding your invention, call on us, and we will be pleased to go over the matter in all its details.
